EXPANDING THE OPPORTUNITIES FOR FARMERS
AND REGIONAL BUSINESS IN CARBON TRADING

Millions of dollars have already changed hands, with Farmers as beneficiaries.

Farmers who increase Soil Carbon or reduce Emissions now have the option of several Methods under The Emissions Reduction Fund (ERF) to potentially earn Carbon Credits and receive payment from the Government or other markets. Does your Farm have the potential to include more than one Method when registering a project? How do Methods work? Who is implementing them? What are the results?

FEATURING

- **Carbon Farming Field Trip**
- **Carbon Farming 101 Workshop** – *Learning the Basics*
- **Welcome Event**
- **2 day Carbon Farming Conference** - *Expert speakers on Direct Action, Emissions Reduction Fund (ERF), new Methods – ‘getting started’, grass roots farmer case studies*
- **2 day Carbon Farming Expo** – *Over 25 industry experts - new products and processes for soil sequestration and emission reductions, service providers and prospective partners*
- **National Carbon Cockey Awards Gala Presentation Dinner**
- **Advanced Carbon Farming Industry Workshop** - *from theory to application for project*
- **Emissions Reduction Fund (ERF) Transport and Agricultural Machinery Workshop**

The Emissions Reduction Fund and Selling Carbon:

- ▶ Soil Carbon Methodology is Reality - STEPS to a project. Who is doing it?
- ▶ More Speed, less bureaucracy - how does it work?
- ▶ 25 Year Options and more.
- ▶ Expanded list of allowable activities - Transport and Agricultural Machinery.
- ▶ What are the 4 markets we can sell into?
- ▶ Do you want to sell your own carbon or get an expert to help?
- ▶ What does a good contract look like?
- ▶ How to identify your full Carbon Credit potential with a Carbon Farmers of Australia (CFA) Whole of Farm Carbon Audit.

together

we will

explore

HOW DOES THE EMISSIONS REDUCTION FUND WORK? WHAT DOES THE 'EXPANDED' CARBON FARMING INITIATIVE LOOK LIKE?

7-10
JULY
2015

FARMERS

- The Emissions Reduction Fund (ERF) is for you if you run stock, use fertilizer, do pasture cropping, irrigate crops, use agricultural machinery and/or stationary pumps.
- Grass Roots explanation for Farmers - What products and processes you can use to increase soil carbon eg: Compost, Microbiological amendments, new Fertilisers, Compost and others
- Sequestration (Carbon Storage) in Trees – Several NEW METHODS now available
- Solar as a fuel switching option – When will it pay for farmers?
- Biochar – making it a reality. Lessons and actions.
- NEW METHOD to earn credits by reducing Emissions from your Beef Herd – through early finishing or replacing Urea Licks
- Overview of APPROVED METHODS now available
- Advances in Carbon Farming techniques for the Land Sector - New Methods
- Soil carbon Methods in Action - First Projects up and running - we'll take you to the inside.
- Which other Methods are making money for Farmers?
- Identifying the right Method to use for your Farm
- Identifying partners to work with – Who has a track record?
- Implementing a Project under the Emissions Reduction Fund

A word from
The Hon
Greg Hunt MP
Minister for the
Environment

“ Dear Michael and Louisa, ... I would like to thank you for your going leadership in carbon farming, and sustained engagement in the Government's work to take action on climate change. I would particularly like to acknowledge the breadth and depth of your contributions, including the development of new methods to reduce emissions, education and awareness-raising, and helping farming get projects on the ground underway. I look forward to continuing to work with you to enable land managers to participate in the Emissions Reduction Fund. ”

AGGREGATORS

- Driving down the cost of compliance - How is this being achieved? Insurance, pools of carbon etc.
- Evaluating Risk & Returns - What does a good contract look like?
- Benefits of Aggregating under the Emissions Reduction Fund - Who can do it?
- Can Your Group gain a new income stream as Aggregators?

TRANSPORT & AGRICULTURAL MACHINERY

- Earning Carbon Credits for Regional Transport companies through efficiencies
- Earn Carbon Credits from Agricultural Machinery through improved fuel efficiencies and modifications

event at a glance

Tuesday 7 July 2015

CARBON FARMING FIELD TRIP

- Time: Coach departs 8.30 am sharp
 - Venue: "Bibbaringa" - coach transport available (departs from Albury Entertainment Centre) 'Hands on' Carbon Farming Field Day.
- Demonstrations by Industry leaders and experts.
Soil Carbon Measurement, products to improve soil carbon, explanations of methods and more.

CARBON FARMING 101 WORKSHOP

- Time: 1pm - 5pm
 - Venue: The Commercial Club 618 Dean St Albury
- Learning the basics.

WELCOME EVENT

- 6.00pm – 8.00pm
 - Venue: The Albury Club 519 Kiewa St Albury
- A relaxing evening for Exhibitors, Delegates, Sponsors and Speakers to network and enjoying canapés, wine and beer in a unique setting.

Wednesday 8 July 2015

CARBON FARMING CONFERENCE & EXPO – Day 1

- 7.30am – 5.00pm
 - Venue: Albury Entertainment Centre 553 Kiewa St Albury
- ★ Great Coffee & Tea on arrival - in Expo Area
★ Fabulous door prizes will be drawn over this 2 day Conference. You must be there to win!
We will investigate...What is needed to take part in Direct Action and the Emissions Reduction Fund. Many new methods available to the Land Sector. \$2.55Billion Fund is available over the next 4-5 years.
Case Studies....Farmers earning \$\$ from carbon NOW!

WINE & CHEESE TASTING

- 5.00pm – 6.15pm
 - Venue: Albury Entertainment Centre 553 Kiewa St Albury
- Expo Area Networking opportunity with delegates, speakers and exhibitors to start your evening with stimulating conversation.

NATIONAL CARBON COCKY AWARDS GALA PRESENTATION DINNER

- 7.15pm – 11.00pm
 - Venue: The Commercial Club 618 Dean St Albury
- The social event of the Carbon Farming Conference and Expo. Here, we will recognise and reward those farmers who have shown excellence, creativity and leadership in Carbon Farming. Encompassing many categories, this is THE awards for Carbon Farmers.

Thursday 9 July 2015

CARBON FARMING CONFERENCE & EXPO – Day 2

- 7.30am – 5.00pm
 - Venue: Albury Entertainment Centre 553 Kiewa St Albury.
- ★ Great Coffee & Tea on arrival - in Expo area.
From Theory to Practice.... Building on Day 1, today we go into more depth on methods and 'getting started'.
Rules around participation in the Emissions Reduction Fund. More Case Studies – Farmers earning \$\$ from carbon NOW! How to claim your part of \$2.55billion.

FRIDAY 10 July 2015

CARBON FARMING INDUSTRY WORKSHOP

- 8.30am – 12.00 pm
 - Venue: The Commercial Club 618 Dean St Albury
- From Project Implementation to ERF submission.... Take your knowledge to the next level at this in-depth post conference workshop - either for yourself, or a group of which you are a member- eg Natural Resource Management (NRM) groups, Catchment Management Authorities (CMA's), Local Landcare Services (LLS) Landcare and farmer groups. Learn how to take part in a Carbon Farming Project.

EMISSIONS REDUCTION FUND (ERF) TRANSPORT WORKSHOP

- 1.00pm – 5.00pm
 - Venue: Paddy's Crown Lounge and Conference Room (upstairs) 491 Kiewa St Albury
- The transport sector is now able to take part in the Direct Action Policy via the Emissions Reduction Fund (ERF).

Your Registration Form Please complete one form per delegate
