Buying more farm land

Who should attend & workshop feedback

Holmes Sackett farm expansion workshops have been run throughout Australia since 2009 with over 500 participants attending. Over 95% of participants have stated that they would recommend expansion courses to others.

This farm expansion workshop shows how to apply business management and investment principles to a farm purchasing decision to deliver a successful outcome.

Workshop feedback

“Holmes Sackett are able to back up their findings with some real numbers. The presenter had an excellent agronomic and animal production knowledge. I wish more courses were as factual and to the point as this one was.”

“I found the discussion areas of quantifying risk and valuing the economic values of the opportunity thought provoking. Overall I found it challenged some of my established thoughts on expansion which made it worthwhile.”

Who should attend?

- Farm asset owners
- Agribusiness service professionals
 - Accountants
 - Agronomists
 - Bankers
 - Consultants

What's included?

- Access to consultant's expertise
- A copy of the presentation
- Course notes
