

Paddock Tree Workshop

Are you concerned about a lack of shade for stock and or the loss of paddock trees on your property? Murrumbidgee Landcare Inc. in partnership with Tarcutta Valley Landcare Group, Kyeamba Valley Landcare Group, NSW Environmental Trust and the ANU, has funding available to landholders to protect existing paddock trees and/or establish new paddock trees.

Join Mason Crane from ANU to discuss the importance of paddock trees & what to consider when planting and protecting scattered paddock trees and have a look at what Liz is doing to protect trees on her property.

WHEN: Monday 13 March 2017
9 - 11 am
(morning tea provided)

WHERE: Liz McCallum's
'Tintenbah'
Humula Road
